

## CVRC

### EXECUTIVE BD. MTG. ADDENDUM for 3/24/15 mtg.

1. Regarding the Flea Market. It is also noted that it went very well. We made approximately the same good income as we have made in the past. Details are presented verbally only, as in the past, as well.
2. Regarding the tent. Dave Connors and President Larry Beagle have joined together to come up with a new alternative in the event that we cannot purchase a used tent, as seems to become more and more likely. We are considering the purchase of a new tent, price may be in the range of \$800.00, depending on model and accessories, etc. It may be as large as 18X30' and that's almost as large as the one we rented last year. More details will be presented at the April meeting. Members should be prepared to give serious thought regarding this possible expenditure.
3. Al Bardwell will be contacted regarding assistance with certain Field Day preparations. (Done).
4. Regarding Field Day Band Captains: Several will be the same as in the past, with one or two exceptions. Regarding 40 meters, we may be looking for a new Band Captain. More discussion on that at the next General Meeting.

Please accept this addendum as it is due to the fact that I missed the last Exec. Board Meeting.

Sincerely,

Steve Jones, Secretary, N1JHJ
