

CONTOOCCOOK VALLEY RADIO CLUB

STEERING COMMITTEE MEETING

10/24/17

The meeting started at 7:17 pm.

Present: Mike Plunkett, Ken Wilkens, Jeff Shaw, Jen Shaw, Dale & Mickie Clement, Steve Jones, Frank Ross.

Mickie gave the Treasurer's Report and detailed several, mostly routine transactions.

Frank gave the Repeater Committee report, and among other things, noted that a new 12 mo., #27 Marine Deep Cycle battery was installed.

Frank also noted that Jim Fowler (KA1SU) donated an almost new Yaesu Fusion repeater to our club. A discussion ensued as to various things that might be done with the repeater. Some were to use as a backup to our current repeater, to have available for remote ARES activities, to activate on the 440 band, etc., etc.

Mike gave us an update on the Scholarship Committee activities, and how they are proceeding to raise funds.

Other issues of general import were discussed as well.

The meeting adjourned at 8:32 pm.

Respectfully Submitted,

Steve Jones, CVRC Secretary (N1JHJ)
