

CONTOOCOOK VALLEY RADIO CLUB
Business Meeting
Minutes – Oct. 25, 2011

Acknowledgement: A draft of these minutes were first done by Mickie Clement whereas I was in the unable to attend the meeting. Shortly thereafter I was in the hospital again, this time for three days so getting these out has been delayed. My apologies. (Steve, N1JHJ).

1. The meeting was held at AF1T's house with six members in attendance. They were Walter Kahn, KB1IBG, John Lind, WB2VHZ, Mike Conroy, N11F, Harvey Schow, W1ZIZ, Dale Clement, AF1T, and Mickie Clement, W1MKY.
2. Items Reviewed: A) Microwave Update: Conference held Oct. 13-16 in Enfield, Ct. Our club members in attendance were: Dale Clement, Mickie Clement, Steve Jones & Tom Perkins. Some of the main topics centered around new solid state designs for HF and other power amplifiers. They were quite amazing. B) The upcoming visit to Woody Beckford's station in Salisbury, NH. C) The upcoming ARRL sponsored November Sweepstakes, Nov. 19-20
3. Dale inquired about incoming QSL's to K1BKE and who can act as the QSL manager. More discussion about this at a future meeting.
4. Reminder: Field Day will be coming up on the 4th weekend in June. The club is looking for a new manager to take the place of our outgoing President, John Moore, N1FOJ. He has successfully run our Field Day for many years and leaves a history of many great events.
5. We discussed having a club directory. Agreed at this time that it will have to go on hold since some members do not want their confidential info to be made public.
6. Moved, seconded and passed to adjourn the meeting.

Respectfully Submitted:

Meeting 1st draft by Mickie Clement. Final draft by Steve Jones
