

## CONTOOCCOOK VALLEY RADIO CLUB

### GENERAL MEETING – 10/9/18

1. There were 15 people present today.
2. It was suggested that the previous attendance rosters be reviewed to see who the people were that came to previous meetings , but did not come to the last two, since the location was changed to Henniker due to the Hopkinton Library fire.
3. N1FDR reports that the DR1 repeater (K1BKE) is still working fine, and has not yet been changed over to the newer DR2.
4. Nominations were due today. The nominations are: For President – Larry Beagle, for Vice President – Dale Clement, For Treasurer – Mickie Clement, for Secretary – Steve Jones. Other nominations will be accepted between now and voting time.
5. With an informal show of hands we discussed having Field Day, next June, at Dale's house. There was little interest in having Field Day at Dale's house or at any other location. The issue will be discussed again at the next meeting.
6. The formal part of the meeting ended at 8:16 pm.
7. Next, Chris, W1RGA gave his presentation on Roving operations.
8. It was quite surprising that the majority of contacts (about 70%) were made while in motion.
9. Stationary deployment of larger antennas were shown set up in locations like Mt. Equinox, VT. Also car roof antennas were shown.
10. The presentation was well prepared and very informative.

Respectfully Submitted,

Steve Jones, CVRC Secretary, N1JHJ
